Three Women of Design reinterpret the charm of Italian wine with elegance and emotion. PLATINUM was dreamt, studied and created by Sonia and Marzia Ferretti and Mariateresa Ruccolo, who shared together their own personal experiences and their passion for wine, realizing a 'SOGNO' (dream). The wines of Abruzzo are well known and appreciated worldwide. This area, thanks to the history and culture of production, and the unique climatic and geological characteristics, allows expression of the native grapes for an enriching wine drinking experience.

Grapes underwent a soft pressing and cold maceration and vacuum pressing to extract the free run juice only, with cold refinement of the must and the fermentation of the refined part only at low temperature in stainless steel. It is matured in stainless steel tanks, with subsequent bottle aging.

This wine has a bright yellow colour, with greenish tinges. It has a citrusy, aromatic and very pleasant bouquet, with grapefruit standing out. It has a well orchestrated, lingering and very fresh taste, thanks to the robust acid structure of the grape variety.

Pecorino is becoming more popular due to versions like this, where the full fresh flavour of the grape is realized. It is a fabulous sipper that pairs with white wine dishes perfectly.
